

# NAVEE Electric Scooter GT3 Pro

(EU version)

**Powerful Shock Absorption System for a Smoother Ride**  
With front fork and rear cylinder suspension, this scooter minimizes vibrations from uneven surfaces for a smoother, more comfortable ride.

**Ultra Power with 1000W Max Motor**  
With a peak motor power of 1000W and rear-wheel drive, this scooter delivers exceptional performance and acceleration. Its 48V system handles slopes up to 22%, ensuring smooth and reliable performance on various terrains.

**Max Range Up to 60KM**  
High-safety 18650 lithium batteries offer up to 60KM of range, while an advanced Battery Management System ensures long-lasting performance.

**Automotive-Grade Energy Recovery System**  
While riding, brake or ease off the throttle to activate energy regeneration, extending your scooter's range. Adjust the recovery level in the app for a personalized experience.

**Dual Braking System**  
With front drum and rear EABS brakes, this scooter provides smooth, reliable braking for a safer and more stable ride.

**Sleek Black and Gold Luxury Design**  
With its sleek black and gold accents, this electric scooter blends luxury and style, offering both a standout look and exceptional comfort.

**Ergonomic Handlebars for Comfort**  
Enjoy smoother handling and less fatigue with ergonomically designed handlebars that have a 5-degree tilt, making long rides more comfortable and enjoyable.

**Advanced TCS for Safer Rides**  
The Traction Control System (TCS) boosts stability and safety by improving traction on slippery roads, ensuring smoother and more secure rides.

**Apple Find My**  
Thanks to Apple Find My network, you can easily keep track of your scooter - even if it's offline. You can quickly locate your scooter when needed via the Find My App on your iPhone.

**10" Tubeless Tires**  
10" tubeless tires enhance shock absorption and stability, offering greater durability and puncture resistance.

**Proximity Unlock**  
Unlock with Bluetooth when nearby for hands-free access, and enjoy automatic locking when away for easy use and enhanced security.

**Built-in Turning Indicators**  
Equipped with E-Mark certified integrated front and rear turn signal lights, which means they comply with stringent European safety standards.

**NAVEE APP**  
The NAVEE APP brings you a world of possibilities, upgrading your riding experience with versatile functions at your fingertips.
